

Continuing Professional Development Lecture: Try A Collaborative Approach To Improve Patient Compliance! 17 December 2020

Synopsis

A large part of treatment outcome is dependent on patient compliance/adherence to treatment plan. Clinicians make plans and recommendations with best intentions for the well-being of patient's conditions. But are patients seeing or receiving the same message? Come explore together, what makes communication effective and why it matters!

During this short lecture, the speaker will cover the following:

- ❖ communication style affects patient compliance/adherence
- ❖ introduction to collaborative communication approach
