

# Continuing Professional Education Lecture: Migraine and Its Treatments

## 19 May 2021

### Synopsis

Migraine is a common headache disorder with significant socio-economic burdens on society, adversely affecting the quality of lives of such patients. However, it is a condition that can be effectively treated with early prevention and awareness.

This lecture will explore the condition of migraine in detail and delve into the clinical rationale in the usage of migraine treatments, before finally examining the novel therapeutic options that has greatly benefited patients in recent years.

After the lecture, the participants will be able to gain an understanding on:

- Clinical rationale of migraine treatment
- Emerging treatments of migraine

### Speaker

**Dr Zhao Yi Jing**  
Consultant  
Department of Neurology  
National Neuroscience Institute (SGH campus)

Dr Zhao Yi Jing is consultant in the Department of Neurology, at the National Neuroscience Institute (NNI).

Dr Zhao graduated from Yong Loo Lin School of Medicine, National University of Singapore and underwent training in SingHealth Internal Medicine Residency, obtaining her Masters of Medicine and MRCP (UK) certification in 2013. She subsequently did her neurology training in NNI-SGH and has a special interest in headache neurology. She is the principal investigator in a few clinical trials involving the latest migraine treatment, as well as published on topics related to headache and migraine.
