

# Continuing Professional Education Lecture: Emerging Pathogens 25 September 2019

## Synopsis

The world continues to see outbreaks of emerging and re-emerging infectious diseases, several of which have the potential to affect even urban Singapore.

In this short discourse, the reasons for this will be explained along with an overview of the various major outbreaks that have occurred in modern Singapore. Finally, how to prepare for such outbreaks in the future will be discussed.

## Speaker

**Associate Professor Hsu Li Yang**  
MBBS (Singapore), MRCP (UK),  
DTMH (Gorgas), MPH (Harvard)

A/Prof Hsu Li Yang is an infectious diseases physician who is currently Head of the Infectious Diseases Programme and Co-Director of the Leadership Institute for Global Health Transformation (LIGHT) at the Saw Swee Hock School of Public Health.

He is also the Associate Director of the Singapore Centre for Environmental Life Sciences Engineering (SCELSE) at NUS. In the recent past, he was Clinical Director of the National Centre for Infectious Diseases.
