

Ultrasound Elastography

29 October 2022

Introduction

Ultrasound Elastography is a relatively new, clinically validated imaging technique. Clinical applications of elastography include breast lesions characterization, liver fibrosis staging and musculoskeletal pathologies.

This full day course will provide participants with the core principles of strain and shear wave elastography, and the required knowledge and skills to apply elastography on liver, musculoskeletal and breast imaging.

Course Objectives

After completing this course, participants should be able to:

- Describe the principles of strain and shear wave elastography
- Discuss the best practices for performing strain and shear wave elastography
- Discuss the clinical application of strain and shear wave elastography in the evaluation of chronic liver diseases, musculo-tendinous pathologies and breast lesions
- Recognize the normal and abnormal features of liver, musculo-tendinous and breast tissues evaluated using ultrasound elastography

Course Outline

- Musculo-tendinous elastography: principle, technique, applications, potential pitfalls and diagnostic performance
- Liver elastography: principle, technique, applications, potential pitfalls and diagnostic performance
- Breast elastography: principle, technique, applications, potential pitfalls and diagnostic performance
- Practical demonstration

Target Audience

- Radiographers practising in ultrasound
- Healthcare professionals involved in ultrasound work

Course Details

Date	: 29 October 2022 (Saturday)
Time	: 9.00 am– 4.30 pm
Duration	: 1 day
Class size	: 15 participants
Venue	: KW Chow Conference Room Block 2, Level 1
Fee	: S\$ 500 (SingHealth) S\$ 550 (Regular) (inclusive of 7% GST)

Teaching Faculty

Dr Ooi Chin Chin

Senior Principal Radiographer II (Research), SGH

Ms Heng Ivy

Senior Principal Radiographer II (Clinical), SGH

Ms Denise Lau

Senior Principal Radiographer II (Clinical), SGH

Ms Florence Tan

Principal Radiographer (Clinical), SGH

Ms Olivia De Guzman Pagco

Principal Radiographer (Clinical), SGH

Ms Candice Goh

Senior Radiographer, SGH

A/Prof Jason Chang

Head, Gastroenterology & Hepatology, SGH

Dr Lester Leong

Senior Consultant, Diagnostic Radiology, SGH

Registration

To register (*internet access is required*), scan the QR code or click on the web link. Registration closes on **23 September 2022, Friday**. (**Extended to 12 October 2022, Wednesday**)
