## Developing Leadership Capabilities & Effectiveness (13<sup>th</sup> Intake)

11 & 18 October 2018

## Introduction

To get to the top, we have to learn from the top. How do our leaders really think and operate?

In this 13<sup>th</sup> leadership intake, our passionate champion of talent development, Dr Ang Hui Gek will continue to share valuable leadership insights gained over the years in leading healthcare professionals to deliver value to patient care.

This course will set you thinking and redefining your leadership style and future interactions as you evaluate your leadership effectiveness. With action learning after each session, this course aims to help you achieve greater leadership effectiveness by enhancing your capabilities in managing relationships, and instilling the importance of leaving a legacy.

This course is also aligned to the competencies found in the SingHealth Leadership Competency Framework, namely develop self awareness, develop professionalism, communicate to influence, develop others and build positive relationships.

## Objectives

This course aims to help participants to :

-  Understand principles and insights into leadership.
-  Apply knowledge and skills learnt.
-  Develop into not merely good, but an extraordinary and effective leader.

## Target Audience

Heads of departments, individuals managing teams, or high potentials for leadership positions are welcome to attend this course.
