

## Advisory Board Members

SGH-PGAHI has been established with the goal to train and equip Allied Health Professionals with clinical skills knowledge to meet evolving healthcare needs and future challenges.

To help us achieve our vision, the PGAHI Board of Advisors provides strategic advice on direction and trends in the development of Allied Health Professions and the education front.

We would like to express our gratitude to the Board of Advisors:

Back row (second from left): **Prof Celia Tan (member)**, **Prof Keith Hill (overseas expert)**, **Prof Lim Shih Hui (Chairman)**, **Mr Patrick Ker (member)**, **A/Prof Jason Yap (member)** and **Dr Ang Hui Gek (member)**.

Front row (second from left): **Prof Janet Engle (overseas expert)**

Not in picture: **A/Prof May Lim (member)**

## Academy of Solution Focused Training

**Partner(s): e2i, SGH Speech Therapy Department**

With quick changing healthcare landscape, an integrated care and team approach in healthcare delivery is very important. It is our mission to constantly upgrade the skills and healthcare knowledge of AHPs, at the same time, keeping our course fees affordable for healthcare professionals.

All these were made possible with the training grant from Employment and Employability Institute (e2i).

The Solution Focused Brief Therapy course was among the first few PGAHI courses with e2i funding made available for an approved number of Singaporeans and Singapore Permanent Residents.

## Dietetics Day

**Partner(s): SGH Dietetics Department**

Dietetics Day celebrates the efforts of Dietitians, the role they play in keeping us in good health. They are passionate professionals who commit their life's work to study and research on nutrition and how different types of food consumed affects the well-being of patients.

Dietitians continue to encourage us that a little effort in appropriate diet and physical activity makes a positive difference in our lives!

We pay kudos to their work, both in education among healthcare professionals and patient care!

# SGH Medical Social Workers

## Partner(s): SGH Medical Social Services Department

To cater to the learning needs of AHPs in the community, SGH-PGAHI works closely with SGH Medical Social Workers (MSWs) to conduct various courses, namely Applied Suicide Intervention Skills Training, Mental Health First Aid and Essential Counselling Skills course.

Over the past year, the courses had achieved a satisfaction rating of **4.2** based on a 5-point rating scale and were well-received by Healthcare Professionals. Through their guidance, participants were equipped with the needed knowledge to meet the increasing diversity of cases that they might come across both in the acute and community care setting.

We commend the course educators for their active work in postgraduate allied health education.

## Joy Works

### Partner(s): Founder of Joy Works

SGH-PGAHI recently collaborated with Vadivu, founder of Joy Works to conduct the Positive Leadership course in May 2017. Vadivu is a facilitator and coach who does leadership and staff development to promote positive, humanistic, high-performance workplaces.

The course achieved a satisfaction rating of **4.2** based on a 5-point rating scale and were well-attended by AHPs and other healthcare professions. Participants had benefitted from the diverse group sharing sessions and appreciated the programme designed in a relatable and applicable manner.

Vadivu exuded positive energy throughout the course had made it enjoyable and fun for the participants.

## SOCSCO Rehabilitation Centre

### Partner(s): SGH Occupational Therapy Department

SGH-PGAHI successfully brought their courses beyond the shores of Singapore for the first time!

The Ergonomics course was conducted at SOCSCO Rehabilitation Centre, Melaka on 18-19 January 2017 by Mr Patrick Ker. It was attended by 31 clinicians and achieved a satisfaction rating of **4.0** based on a 5-point rating scale.

Comments from the course participants:

*"Speaker is informative and good"*

*"Very good presentation"*
