

## Index

Case no.	RE no.	Diagnosis
1	18RE000090	Minimal change disease or unsampled FSGS
2	18RE000091	Minimal change disease
3	18RE000092	Minimal change disease or unsampled FSGS
4	18RE000093	Minimal change disease with acute tubular necrosis
5	18RE000094	IgA nephropathy; initially reported as minor glomerular changes on LM/IF - IgA disease diagnosed with EM findings
6	18RE000095	FSGS and arteriolar nephrosclerosis; underlying diabetic alterations
7	18RE000096	FSGS; arterial and arteriolar nephrosclerosis; underlying diabetic alterations
8	18RE000097	FSGS with collapsing features; diabetic nephropathy; arterial and arteriolar nephrosclerosis
9	18RE000098	Membranous glomerulonephritis; initially reported as FSGS on LM/IF - membranous changes seen on EM
10	18RE000099	FSGS, suggestive of tip lesion
11	18RE000100	FSGS, acute tubular necrosis, arterial nephrosclerosis
12	18RE000101	Membranous glomerulonephritis, arterial nephrosclerosis
13	18RE000102	Membranous glomerulonephritis
14	18RE000103	Membranous glomerulonephritis with one crescent
15	18RE000104	Membranous glomerulonephritis
16	18RE000105	Membranous glomerulonephritis
17	18RE000106	Membranous glomerulonephritis, arterial and arteriolar nephrosclerosis, acute tubular necrosis
18	18RE000107	Membranous glomerulonephritis
19	18RE000108	Membranous glomerulonephritis
20	18RE000109	Diabetic nephropathy with crescent-like lesions
21	18RE000110	Diabetic nephropathy, arteriolar nephrosclerosis, ATN
22	18RE000111	Diabetic nephropathy, ATN, marked arteriolar nephrosclerosis
23	18RE000112	Diabetic nephropathy, ATN, mild arterial and arteriolar nephrosclerosis
24	18RE000113	Diabetic nephropathy, marked arterial and arteriolar nephrosclerosis
25	18RE000114	Diabetic nephropathy, arterial and arteriolar nephrosclerosis
26	18RE000115	Immune complex mediated glomerulonephritis (possible postinfectious aetiology), with arterial and arteriolar nephrosclerosis
27	18RE000116	Membranoproliferative type 1 glomerulonephritis, acute tubulointerstitial nephritis, mild arterial nephrosclerosis
28	18RE000117	MPGN type 1 pattern, mild arteriolar nephrosclerosis, ATN
29	18RE000118	Focal proliferative glomerulonephritis with global and segmental sclerosis, and cellular crescents, consistent with an immune complex mediated aetiology
30	18RE000119	Mixed diffuse proliferative and membranous lupus GN with global and segmental sclerosis, arterial and arteriolar nephrosclerosis
31	18RE000120	MPGN type 1 pattern (immune complex mediated)
32	18RE000121	Mixed diffuse proliferative and membranous lupus GN with crescents, thrombotic microangiopathy and arterial vasculitis
33	18RE000122	Membranous (Class V) lupus nephritis
34	18RE000123	Diffuse proliferative (Class IV) lupus nephritis
35	18RE000124	Focal proliferative (Class III) lupus nephritis
36	18RE000125	MPGN type 1 pattern (Class IV) lupus nephritis
37	18RE000126	Diffuse proliferative (Class IV) lupus nephritis with global sclerosis

38	18RE000127	Diffuse proliferative (Class IV) lupus nephritis
39	18RE000128	Diffuse proliferative GN with crescents - IgA disease and lupus nephritis considered in the differential diagnosis
40	18RE000129	IgA nephropathy with minimal change disease
41	18RE000130	IgA nephropathy with crescents
42	18RE000131	IgA nephropathy with crescents, ATN, arteriolar nephrosclerosis
43	18RE000132	IgA nephropathy with suggestion of collapsing features
44	18RE000133	IgA nephropathy
45	18RE000134	IgA nephropathy
46	18RE000135	Amyloidosis
47	18RE000136	Diffuse large B cell lymphoma (non germinal centre subset)
48	18RE000137	Monoclonal immunoglobulin deposition disease
49	18RE000138	FSGS with crescents, consistent with a pauci-immune aetiology, marked arterial and arteriolar nephrosclerosis, ATN
50	18RE000139	FSGS with crescents, consistent with a pauci-immune aetiology, arterial and arteriolar nephrosclerosis, ATN
51	18RE000140	Focal segmental necrotising glomerulonephritis with crescents, consistent with a pauci-immune aetiology
52	18RE000141	FSGS with crescents, ATN, mild arterial nephrosclerosis - pauci-immune aetiology considered, with membranous GN diagnosed after IF/EM correlation
53	18RE000142	Necrotising vasculitis, ATN
54	18RE000143	Diabetic nephropathy, marked arterial nephrosclerosis with thrombotic microangiopathy-like features, suggesting malignant nephrosclerosis
55	18RE000144	Malignant nephrosclerosis with thrombotic microangiopathy, FSGS
56	18RE000145	Malignant nephrosclerosis, FSGS
57	18RE000146	Malignant nephrosclerosis, IgA disease with collapsing features
58	18RE000147	FSGS, arterial nephrosclerosis
59	18RE000148	FSGS, arterial and arteriolar nephrosclerosis
60	18RE000149	FSGS, arterial and arteriolar nephrosclerosis - IgA disease concluded after EM findings
61	18RE000150	FSGS, arterial and arteriolar nephrosclerosis, underlying diabetic alterations
62	18RE000151	Acute thrombotic microangiopathy with hypertensive nephrosclerosis, diabetic nephropathy, FSGS
63	18RE000152	Thrombotic microangiopathy, arteriolar nephrosclerosis
64	18RE000153	Thrombotic microangiopathy with marked chronicity
65	18RE000154	Granulomatous interstitial nephritis, mild arteriolar nephrosclerosis
66	18RE000155	IgG4 related tubulointerstitial nephritis
67	18RE000156	IgG4 related tubulointerstitial nephritis, FSGS, arterial and arteriolar nephrosclerosis
68	18RE000157	IgG4 related tubulointerstitial nephritis, FSGS, marked arterial and arteriolar nephrosclerosis
69	18RE000158	IgG4 related tubulointerstitial nephritis
70	18RE000159	FSGS with chronic tubulointerstitial nephritis
71	18RE000160	FSGS with chronic tubulointerstitial nephritis
72	18RE000161	FSGS with chronic tubulointerstitial nephritis
73	18RE000162	FSGS, ATN, arterial and arteriolar nephrosclerosis
74	18RE000163	Diabetic nephropathy, ATN with acute interstitial nephritis, marked arterial nephrosclerosis
75	18RE000164	FSGS, uric acid nephropathy, arterial and arteriolar nephrosclerosis
