

Continuing Professional Education Lecture: Management of Osteoporosis in Chronic Kidney Disease 6 January 2021

Synopsis

Patients with end-stage renal disease (ESRD) have been reported to have up to 5 times higher risk of fractures than the general population. The causes of this increased risk are diverse. Besides the traditional risk factors for osteoporosis such as aging, patients with ESRD suffer from chronic kidney disease-mineral and bone disorder (CKD-MBD).

Traditionally patients with ESRD who develop fractures are mainly treated for their CKD-MBD with medications that target low vitamin D, high phosphate and high IPTH. Trials that look at medications for osteoporosis have conventionally excluded patients with CKD. Hence, the use of antiresorptive in the CKD population has been controversial due to lack of data.

The aims of the lecture are:

- Review the basic mechanism of osteoporosis and CKD MBD
- Understand rationale for treatment strategies in CKD patient with osteoporosis

Speaker

Dr Wong Jiunn
Consultant
Department of Renal Medicine
Singapore General Hospital

Dr Wong Jiunn is a Consultant Nephrologist at the Department of Renal Medicine in Singapore General Hospital. He did his basic medical degree in Monash University, Australia before continuing his post graduate training in medicine and nephrology in Singapore. After obtaining his specialist accreditation in Nephrology, he was awarded the HDMP to spend one year at Westmead Hospital in Sydney as well as the Garvan Institute of Medical Research under Prof Grahame Elder to learn about bone management in CKD and transplant patient.

Upon his return, Dr Wong has contributed his expertise to developing the transplant and renal bone service in SGH. His special interest is in the management of osteoporosis as well as CKD-MBD in patients with CKD.

Lecture Details

Date	: 6 January 2021, Wednesday
Duration	: 1 hour
Time	: 6.30 pm – 7.30 pm
Fee	: Complimentary
Platform	: Zoom Cloud Meetings

Target Audience

Pharmacists

Registration

To register, scan the QR code or click on the web link.

Registration closes on **16 December 2020, Wednesday**.
