

Continuing Professional Education Lecture: Navigating the Labyrinth: Strategies for Tackling Non-Alcoholic Fatty Liver Disease

16 May 2024

Synopsis

Non-alcoholic Fatty Liver Disease (NAFLD) is a prevalent condition with significant health implications. In this one-hour lecture, participants will be introduced to the complexities of the spectrum of NAFLD, covering the prevalence, evaluation approach, risk stratification, lifestyle modifications, and pharmacological management and follow up monitoring. Through case studies and practical applications, participants will gain insights into real-world scenarios. This comprehensive overview equips pharmacists with the knowledge and strategies needed to effectively contribute to NAFLD management, ensuring better outcomes for patients.

After the lecture, the participants will be able to gain an understanding on:

- The spectrum of NAFLD
- Diagnostic work up and risk stratifications
- General management of NAFLD

Registration

To register (*internet access is required*), scan the following QR code or click on the web link. Registration closes on **3 May 2024, Friday**.
