Treatment Options for Migraine

Synopsis

Migraine is a common headache disorder which affects the most economically-active strata of society. It is an unseen and misunderstood condition, yet it exerts significant disability, adversely affecting the quality of life of affected individuals. This lecture will explore the current understanding of migraine. In addition, current pharmacotherapeutic approaches, and novel therapeutic options in the horizon will be discussed. We trust that this primer will help pharmacists to better advise their patients.

Speakers

Dr Jonathan Ong
MBBS (Singapore), M Med (Internal Medicine) (Singapore), FAMS (Neurology), FRCP (Edinburgh)

Dr Jonathan Ong is a Consultant, Clinician Educator, and Clinical Director of the Division of Neurology, National University Hospital (NUH). He is the clinical lead for Headache Disorders at NUH. In addition, he is the current president of the Headache Society of Singapore.

He graduated from the Faculty of Medicine, National University of Singapore, in 2007. He has been a member of the Royal College of Physicians (UK) since 2011 and obtained his Master of Medicine (Internal Medicine) (Singapore) in 2012. He received his specialist accreditation in Neurology in 2014. He is a Fellow of the Royal College of Physicians (Edinburgh) since 2015.

Apart from seeing patients with a variety of Neurological conditions, Dr Ong's main interest lies in Headache Disorders and Facial pain. He was awarded the Academic Medicine Development award 2016/2017, and pursued his passion in Headache Neurology at King's College Hospital, London, under the tutelage of Professor Peter J Goadsby.

Dr Zhao Yi Jing
MBBS (Singapore), M Med (Int Med), MRCP (UK)

Dr Zhao Yi Jing is an Associate Consultant of National Neuroscience Institute. She graduated from Yong Loo Lin School of Medicine, National University of Singapore in 2011. She was trained in Singhealth Internal Medicine Residency Programme from 2011 to 2014 and obtained her Masters of Medicine and MRCP certification in 2013. She subsequently did her Neurology Residency Training in Singapore General Hospital from 2014 to 2017. She has a special interest in headache neurology.
